The YTD variance on revenue is mainly due to the following items:

- **Property Rates 5% less:** Revenue was less than projected
- **Service Charges Water 13% less:** Water is slightly lower than budgeted due to the journals passed to rectify the estimated readings caused by lack of access to some premises, the consumers are now bringing the correct readings.
- **Service Charges Refuse 5% less:** Revenue is below the 10% norm and need to be monitored.
- **Service Charges Sanitation 4% less:** Sanitation is slightly lower.
- **Rental on facilities and equipment 4% more:** Shows more improvement due to the review of COVID 19 regulations.
- **Interest earned - outstanding debtors 8% more:** The continuous increase of the debtors book results in the increase of interest earned on outstanding debtors
- **Interest earned – External Investment 12% less:** Most of the interest earned will only be realised at the end of financial year.
- **Transfers Recognised – Operational 4% less:** The variance is due to the offset of the unspent amount of R10.3 million by National Treasury on the following grants: Financial Management Grant, Neighbourhood Development Partnership Grant, Municipal Infrastructure Grant, Integrated National Electrification Programme, Efficiency Demand Side Management Grant, Water Services Infrastructure Grant and Expanded Public Works Programme.
- **Fines, penalties and forfeits 18% less:** Revenue less than projected. The budget was reviewed during Adjustment Budget due to non-collection.

- **Inventory consumed 66% less:** Inventory consumed includes Bulk Water, expenditure is lower due to financial constraints.
- **Bulk Purchases 32% less:** Expenditure is lower than expected, it is difficult for the Municipality to meet the obligation due to the low collection rate.
- **Contracted Services 4% more:** Mainly on repair and maintenance of vehicles and buildings. Over expenditure was due to the accrual invoices that were paid on the current budget.
- **Other expenditure 6% less:** The low expenditure is due to cash flow challenges and cost containment adherence.
