## LOCAL GOVERNMENT: COMPETENCY FRAMEWORK FOR SENIOR MANAGERS

### 1. Definitions

In this framework –

“**core competencies**” are competencies that cut across all levels of work in a municipality and enhance contextualised leadership that guarantees service delivery impact; and

“**leading competencies**” means competencies that are required to develop clear institutional strategy, initiate, drive and implement programs to achieve long-term sustainable and measurable service delivery performance results.

### 2. Competency Framework

- 2.1 This competency framework replaces regulation 26(8) of the Local Government: Municipal Performance Regulations for Municipal Managers and Managers directly accountable to Municipal Managers, (Government Notice No. 805) as published in *Government Gazette No. 29089* of 1 August 2006.
- 2.2 A person appointed as a senior manager must have the competencies as set out in this framework. Focus must also be placed on the following key factors:
- Critical leading competencies that drive the strategic intent and direction of local government;
  - Core competencies which senior managers are expected to possess, and which drive the execution of the leading competencies; and
  - The eight Batho Pele principles.
- 2.3 The competency framework consists of six leading competencies which comprise of twenty (20) driving competencies that communicate what is expected for effective performance in local government.
- 2.4 The competency framework further involves six (6) core competencies that act as drivers to ensure that the leading competencies are executed at an optimal level.
- 2.5 There is no hierarchical connotation to the structure and all competencies are essential to the role of a senior manager to influence high performance. All competencies must therefore be considered as measurable and critical in assessing the level of a senior manager's performance.
- 2.6 The competency framework is underscored by four (5) achievement levels that act as benchmark and minimum requirements for other human capital interventions, which are, recruitment and selection, learning and development, succession planning, and promotion.
