## **CITY OF MATLOSANA CHANGE ITS BILLING SYSTEM**

The City of Matlosana is changing the current financial system (Venus) to a new financial system called Phoenix from the 1<sup>st</sup> July 2017. The new phoenix system is linked to Municipal Standard Chart of Accounts (MSCOA). The system was recommended by the National Treasury for all the municipalities to report on the same core standards of accounts.

The system will assist the Auditor General to easily compare the performance of the municipalities and come up with accurate results. The phoenix system was piloted at Tlokwe municipality for the past 8 years. Since the inception at Tlokwe, no major problem has been reported.

Community members with queries should visit their nearest pay points for assistance.
